

Bachelor of

Criminology and Justice (Honours)

LOCATION	START
Sunshine Coast	Semester 1

Position yourself as a future leader in the field of criminology and build on the skills and knowledge learned in your undergraduate degree with an intensive one-year Honours program. Develop industry-relevant skills that provide a competitive edge for graduate employment or postgraduate study.

In this program you will:

- Learn advanced theoretical concepts and perspectives and engage in critical debate
- Exposure to advanced research training methods through coursework and the design and implementation of your own research project
- Develop the core skills sought after by employers, including critical thinking and analysis, problem-solving and project management, and the ability to work collaboratively, ethically and under minimal supervision to produce high-quality work
