

# Bachelor of Health Science

LOCATION	ENTRY THRESHOLD	QTAC CODE	START
Sunshine Coast	50.00	013321	Semester 1, Semester 2

## Help create healthier lives

Want to help shape the future of health? In this degree, you'll learn about the current and future health issues facing communities, both locally and globally. You'll also develop the practical skills you need to improve population health and wellbeing through your choice of one of four extended majors, including Applied Health Promotion, Health Communication, Applied Environmental Health, and Indigenous Health and Wellbeing.

In this program you will:

- Gain a strong foundation in health science
- Understand the current and future health needs of the community
- Develop the problem-solving skills you need to help tackle health issues
- Gain workplace experience in your area of specialisation

## Career opportunities

- Health promotion officer
- Environmental health officer
- Health policy development
- Project development and management
- Health communication specialist

## Post admission requirements

- Hold a valid Blue Card from the Public Safety Business Agency (PSBA), throughout the duration of your program. You should allow 12 weeks for PSBA to issue the card. Note: students who do not possess a valid Blue Card will be unable to complete the work place learning component of their program and will be unable to meet graduation requirements. Refer to the Health Science and Health Promotion - Work Practicums.
- Have a National Criminal History check (by Queensland Police Service or other state / territory authority)

## Duration

3 years

Full-time or equivalent part-time

## Indicative 2024 fees
