			SC320, SC012, SC107 or UC103
ANM102 Endangered Animals and their Conservation	• Semester 1	12	Pre: Enrolled in Program SC012, SC107, ED112, SB303 or SC320
LFS100 Cell Biology	• Semester 1	12	Anti: SCI103 or LFS101 or LFS103
SCI113 Discovering Science	• Semester 1	12	

Program requirements and notes

Program requirements

In order to graduate you must:

- Successfully complete 96 units as outlined in the Program Structure

Program notes

- Completing this program within the specified (full-time) duration is based on studying 48 unit points per semester (normally 4 courses) and following the recommended study sequence
- It is each students responsibility to enrol correctly according to your course requisites, program rules and requirements and be aware of the academic calendar dates
- Courses within this program are assessed using a variety of assessment methods including essays, seminar presentations, reports, in-class tests and examinations. Not all courses will necessarily include all methods
- Refer to the Managing your progression page for help in understanding your program structure, reviewing your progress and planning remaining courses.
