Master of Education by Research

LOCATION	START
Sunshine Coast	
Fraser Coast	
Moreton Bay	
Gympie	
Caboolture	

Conduct research that builds on your experience in education and contributes to creating lasting social change. This program allows you to design research that is educationally significant. You will be guided by expert supervisors from planning through to completion, with access to regular training, professional development, conferences, and publications.

In this program you will:

- Receive expert guidance in research theories and methodologies
- · Specialise in an area of research that contributes to education scholarship
- Have access to a range of opportunities to fine-tune your postgraduate level research skills
- · Have the opportunity to participate and present at conferences

Career opportunities

- Head of Department
- School or program leader
- Academic
- Education advisor

Program structure

A Higher Degree by Research (HDR) is a supervised research program that requires undertaking original research, resulting in a thesis, or a thesis and exegesis.

During the Master by Research program, Master by Research candidates are required to achieve several milestones that relate to their research training.

Milestones are program requirements and periodic assessments of candidature progression. Milestones are distributed throughout HDR candidature providing structure and mechanism for regular review and feedback on progress towards both the research project and attainment of the University's Research Graduate Attributes.

In addition to HDR program milestones, some candidates may also have:

- project milestones (such as external progress reports to third party funding providers) that they are required to contribute to; and
- scholarship conditions as specified in their scholarship conditions document
- · Coursework (discuss with your proposed supervisor prior to applying)

Information on HDR milestones is available in the USC Higher Degree by Research Candidature Progression - Guidelines.

Duration 2 years Full-time or equivalent part-time

Delivery mode Blended Learning,

UniSC program code ED802
