

Material Change Notifications - Procedures

1. Purpose of procedures

1.1 The following procedures identify the processes to be followed in developing, approving, recording and submitting documentation of material change notifications from the University to the Tertiary Education Quality and Standards Agency (TEQSA) pursuant to the *Tertiary Education Quality and Standards (TEQSA) Act 2011* (Cth).

2. Scope and application

2.1 These procedures apply to all members of the University community.

3. Definitions

Please refer to the University's Glossary of Terms for policies and procedures. Terms and definitions identified below are specific to this policy and are critical to its effectiveness:

A material change is defined by TEQSA as "incidents or events that may significantly affect a provider's ability to comply with the *Higher Education Standards Framework (Threshold Standards) 2021* or that require changes to the National Register". Examples are found in Appendix A of these procedures.

A material change notification is a submission to TEQSA to advise a material change.

4. Overview

4.1 The University must notify TEQSA of any events that happen, or are likely to happen, that will either significantly affect the University's ability to meet the Higher Education Standards Framework or require updating of the University's entry on the National Register of Higher Education Providers.

4.2 The Vice-Chancellor and President has responsibility for approving the content of any material change notification.

4.3 The notification must be given no later than 14 calendar days after the day that the University would reasonably be expected to have become aware of the change/event.

5. Material Changes related to the National Register of Higher Education Providers and the Higher Education Standards Framework

5.1 The Quality Office in the Office of the Deputy Vice-Chancellor (Academic) has responsibility for ensuring information about the University is recorded in the National Register of Higher Education Providers is correct, and action any material change notifications pertaining to that information.

5.2 Members of the University community who identify possible material changes related to the University's ability to meet the Higher Education Standards Framework and that may need to be notified to TEQSA, should advise the Quality Office by email of those matters in the first instance.

5.3 The Quality Office will investigate and determine if there is a need for a material change notification to be made to TEQSA.

5.4 Where a material change notification to TEQSA is required, the Quality Office will draft documentation according to TEQSA requirements and return to the originating area for endorsement before providing the notification to the Vice-Chancellor and President for approval and submission to TEQSA.

5.5 The Vice-Chancellor and President will inform the Council of any material change notifications submitted to TEQSA.
